## Ohio Child Welfare Training Program

Providing the Right Training for the  
Right People at the Right Time

## The OCWTP is Your Partner in Learning

We are responsive to the learning needs of Ohio's child welfare staff and caregivers.

Here are just some of the ways we support you:

- Coaching
- Distance Learning
- Classroom Workshops, Learning Labs, and Guided Application and Practice (GAP) sessions
- Toolkits
- Online resources

## Visit Our Website OCWTP.NET

Access helpful tools and resources for child welfare practitioners, such as:

- Orientation and Readiness tools for caseworkers and supervisors
- Supervisor Station
- Caregiver's Corner
- The Priority Training Opportunity webpage
- CAPMIS resources

## Discover E-Track

E-Track is a portal to your individual OCWTP learning experience. Access E-Track today at <https://e-track.teds.com/Everyone/TEDSEveryOne.jsp> to see the array of learning opportunities available to you!

## Look what people are saying about the OCWTP!

*"I felt this training was very helpful and informative. I have learned new ideas and approaches that I will put to use immediately.*  
--workshop participant

*[My coach] was very knowledgeable about our situation. She gave us ideas and suggestions on things to do and things to try. She also gave validation to my feelings and helped me see that things would get better.*--PCSA foster caregiver

*I was engaged from start to finish. This was the best training I have taken in a long time.*  
--workshop participant

*At the beginning... I was not confident in my abilities. Having [my coach] accompany me and being able to discuss observations and concerns made me see that I do have the ability to do this job-- and that made me feel more confident in my assessment skills.*--PCSA caseworker
